The following is from the Observant Citizen's column of the Boston Post: "I know few educators in the East who possess a better memory than Dr. Frank E. Haskins, secretary of the Tufts college medical school. Recently President Bumpus had occasion to ask him the names of a certain section of the student body of nearly 2,000. Dr. Haskins answered him so readily, giving initials of each of the students (there were about a dozen of them), that the president asked him 'how he could keep such a mass of detail in his mind.' Unconscious manifestations of this power frequently have been the cause of much surprise to his students and fellow faculty members." Dr. Haskins is the only son of Mr. and Mrs. Hiland Haskins of Frost street.

MRS. NELLIE (BROWN) NOLAN. Former Brattleboro Girl Leaves Twin Daughters of Six Months.

Hundreds of friends in Brattleboro will be saddened to learn of the death of Mrs. Nellie (Brown) Nolan, wife of Thomas Nolan, which took place in her home, 133 Carew street, Springfield, Mass., yesterday afternoon. Cole Leads

We were the first manufacturers of eight cylinder cars to combine large size and tremendous power with light weight and economy of operation.

The famous chassis on which all Cole models are mounted is the largest, but relatively the lightest Eight built.

We were the first manufacturers of eight cylinder cars to introduce the Springfield Type Body and it met with such instant and sweeping success that it was later adopted by the builder of practically every well-known car.

In this as in many other important and fundamental advanced features the Cole led.

A demonstration of any of our five models will show you what the Cole Eight represents in modern motor car construction and value.

Sporting Notes.

"Dutch" Leonard has signed finally with the Red Sox. It is understood he is to receive \$5,000.

It is reported that Stengel signed with Brooklyn for a cut of \$3,600 from his salary last year.

Formal announcement has been made that in the event of a declaration of war there will be no intercollegiate regatta on the Hudson this spring.

Arthur Neff pitched an effective six-inning game for the Braves against the Yankees in the South yesterday and shut out the American league team by a score of 4 to 0. Each team made four hits.

Bob Emmons, old-time Harvard football star and now a millionaire, has bought the Lynn club franchise in the Eastern league and will transfer the team to Lawrence, Jack Flynn, former Springfield club manager, is to handle the club.

You should be careful whom you call a crank. Perhaps the individual in question may have a similar opinion of you.

AMERICANS DETAINED.

Those in Belgium to Be Held Under Short "News Quarantine."

WASHINGTON, March 29.—Officials of the state department today confirmed reports that American relief workers withdrawn from Belgium and Northern France will be taken to Germany and submitted to a short "news quarantine." This procedure was agreed upon a long time ago when it seemed probable that the Americans would have to leave. Officials here, therefore regard it as entirely correct.

UNDER BIG EXPENSE.

Cost of Operating Railroads of the Country Advances Rapidly.

WASHINGTON, March 29.—Increased cost of railroad operations upon which the railroads have based applications for a general advance in freight rates is reflected in statistics made public today by the interstate commerce commission covering operations for January. Total operating revenues throughout the country increased about \$40,000,000 during the month over January, 1916. This increase was nearly offset by a \$31,000,000 increase in operating expenses.

Cincinnati man tells how to shrivel up corns so they lift out.

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. He says freezone is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce, which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.—Adv.
